## Education

### University of New Hampshire

Durham, NH

*Bachelor of Science in Computer Science*

Expected Graduation: May 2028

- **Relevant Coursework:** Data Structures, Systems Programming, Operating Systems, Computer Architecture, Software Engineering, Computer Networks

## Technical Skills

**Languages:** Java, Python, C, Kotlin, TCL, HTML/CSS

**Tools:** Git, Bitbucket, Jira, Linux, Vim, VS Code, Wireshark, AI Workflow tools

**Technical Areas:** Test Automation, Network Protocol Testing, Backend Development, Debugging, Agile Development

**Protocols/Concepts:** IPv6, DHCPv6, IPSec, Data Structures, Operating Systems

## Experience

### Software Developer

May 2025 – Present

*UNH InterOperability Laboratory*

Durham, NH

- Serve as a primary Java contributor on a 4-person team developing and maintaining IOL-INTACT, an internal network protocol testing platform.
- Develop Java-based testing infrastructure supporting protocol conformance, interoperability workflows, and long-term maintainability.
- Write and debug IPv6-related network protocol test scripts using Kotlin and TCL, including DHCPv6 and IPSec.
- Analyze packet-level behavior using internal packet capture tooling and Wireshark to investigate failures and validate protocol behavior.

### Front-End Supervisor

June 2022 – January 2026

*Ocean State Job Lot*

Hooksett, NH

- Supervise front-end store operations, coordinating associates in a fast-paced customer-facing environment.
- Train team members, resolve customer issues, and maintain reliable daily workflows.

## Projects

### AI PR Review Tool | *Python, Git, Ollama, Local LLMs*

- Built a local AI-assisted pull request review tool that analyzes code changes without sending source code to external APIs.
- Integrated Git diff parsing with local model inference to generate lightweight code review feedback.

### Personal Portfolio Website | *HTML, CSS, JavaScript, GitHub Pages*

- Developed and deployed a responsive portfolio website to showcase experience, projects, resume, and technical background.

## Leadership & Activities

### President, Esports Program

August 2025 – Present

*University of New Hampshire*

Durham, NH

- Led the growth of the school esports program by organizing teams, coordinating members, and supporting competitive operations.
- Contributed to securing an official sponsorship and launched multiple new esports teams to expand student participation.

### Eagle Scout

June 2022

*Boy Scouts of America*

Auburn, NH

- Planned and led a community service project involving fundraising, volunteer coordination, budgeting, and project execution.
